Use transit to get to work.

Breathe easier
by reducing air pollution and saving money on your taxes.

Since the TRANSIT SOLUTIONS™ program began, the following employers on Long Island have implemented the pre-tax commuter benefit program.

You and your company can have a positive impact on the quality of life on Long Island!

Currently, Americans use more energy for transportation than any other activity including industrial and commercial use. In fact, as much energy is often used by employees getting to work than they consume at work!

Transit use helps to conserve energy, reduce pollution and greenhouse gases, decrease traffic congestion, and increase employee productivity. Plus, with unpredictable gas prices, using transit makes sense!

According to the most recent census, almost 70% of Nassau County residents and 80% of Suffolk County residents drive to work alone.

There are many transit options available to those who work on Long Island:

- COMMUTER RAIL
- PRIVATE BUS LINES
- PUBLIC BUS LINES
- VANPOOL SERVICES

SAMPLE EMPLOYEE SAVINGS WITH PRE-TAX COMMUTER BENEFITS

Monthly commuter expenses	\$125
Annual salary	\$40,000
Monthly Costs without pre-tax deduction	\$125
Monthly Costs with pre-tax deduction	\$75
Employees could net annual savings	\$600*

* Calculated using 2010 FICA tax rates.

No matter which option you choose, enroll in a pre-tax commuter benefit program and use pre-tax dollars to pay for your commute.

This can save you up to 40% annually in commuting costs!

Pre-tax commuter benefit programs are more than just good for your finances.

In addition to reducing traffic, parking problems and the stress of commuting, as a participating employee you'll know that you're doing your part in the fight against pollution and climate change.

Enrolling is easy - all you have to do is sign-up at your company in a pre-tax commuter benefit program offered by **TransitChek, WageWorks, CommuterCheck, TotalBen, WiredCommute, Swipe-N-Save** or other provider. To learn more about these options, visit
